FINANCIAL POLICY

Patients not billing insurance:

- 100% of the visit cost is to be paid in full at the time services are rendered.
- For your convenience, our office accepts cash, check, and credit card payments.

Patients billing insurance:

_____ **INITIALS NEEDED:** Our office needs any and all insurance information from you prior to receiving treatment, even if you don't believe that one of the insurance carriers will pay for services rendered. Your insurances are aware of other carriers and this affects the processing of your claims. Some carriers require referrals and prior authorizations prior to treatment in order for them to be payable. By signing this financial policy, you are agreeing to provide us with all insurance information. If you don't provide us with required information to bill your insurance(s) (including but not limited to DMAP/OHP and Pacific Source Community Solutions, MODA and Regence), you are thereby taking responsibility for the payment of those services. If your insurance coverage changes during the time you receive care at our office and services are not paid by your insurance(s) as a result of not informing our office, you will be financially responsible for paying for the services rendered.

- After verification of your coverage, we will accept payments directly from your insurance carrier.
- Patients are responsible for all uncovered services at the time of the visit, such as copay, co-insurance and deductible amounts.
- Patients must stay current with their patient responsibility balance.
- After all insurance claims have processed, we will reimburse you if you made an overpayment.
- Our office gives an insurance company 90 days from an incurred charge to pay their portion. If for any reason they do not pay in 90 days, then the balance becomes the patient's responsibility and is payable at that time.
- Your insurance is an agreement between YOU and your insurance company. Therefore, this clinic does not guarantee that your insurance company will pay the charges and will not enter into a dispute with the insurance company over reimbursement. If your insurance carrier denies a payment, the patient is personally responsible for payment. Verification of coverage is not a guarantee of payment for services rendered.
- Patient must notify our office if there are any changes to their insurance coverage while receiving care at our office. Failure to do so may result in lack of payment from their Insurance(s) and will be the patient's financial responsibility.
- The patient is responsible for any and all attorney fees for collection of past due accounts.
- Our office requires 24 hour notice when canceling an appointment. If less than 24 hour notice is provided, a \$25 fee will be charged. If a patient reschedules with less than 24 hour notice or no show two times for an appointment, any appointment thereafter will need to be scheduled and rendered on the same day only.
- Our office provides appointment reminders via SMS texting/voice services and by signing this form, you consent to the fees associated by your phone carrier to process these communications. If a patient wishes to opt out of this service in the future, they need to provide written notification to our office.

I agree to the above listed terms set forth by Cascade Chiropractic & Natural Medicine.

CASCADE CHIROPRACTIC & NATURAL MEDICINE OFFICE POLICIES

Please take the time to read our office policies to ensure that you have the best possible experience receiving care at our office. If you are not able to comply with these policies, you will be dismissed as a patient at our clinic.

1. **We strictly enforce our no show and cancellation policy.** For us to continue to be open for business, we need our patients to show up for their appointments and give us at least 24 hours notice if they need to cancel so we have time to fill that appointment time. If you don't show up or cancel with less than 24 hour notice, you will be required to schedule on the same day for appointments moving forward. If you are placed on same day scheduling, this means that if there is a day what works for you to make it to an appointment, you call our office that morning to see if there are any available appointment times.
2. **We expect patients to treat our staff with respect.** Our staff is expected to treat all patients with respectful and courteous behavior and we expect patients to treat our staff with the same respect and behave in a polite manner. If this expectation is violated, we have the right to terminate the doctor-patient relationship.
3. **You need to inform us of ALL insurances that you have.** In order for us to successfully bill insurance, you need to provide us with all of your insurance information. If insurance changes for you, you are required to let us know. If you fail to provide us with all insurance information and as a result we are not able to bill your insurance for payment, you will be responsible for the cost of the care you receive. Also, if you have more than one insurance you need to be sure to let all companies know of the other insurance you have. Insurance companies run periodic audits on their customers so they will find out eventually and require us to refund them. If that happens, you will be responsible for the cost.
4. **We require that all patients come to our office freshly showered and free of odor** to all visits due to the high volume of patients and staff with environmental sensitivities. Refrain from the following odors:
 - Cigarette smoke
 - Body odor
 - Perfumes

If you are not able to do this, we will not be able to provide care for you. We know that this seems like common sense, but we continue to have many patients and staff who complain about this issue.

Thanks for your understanding and cooperation!
